

NFT GROWER

JOIN US AND EARN ON NFT

**EARN DAILY WITH NFT GROWER AND
INVITE YOUR COMMUNITY TO EARN
EVEN MORE.**

NFT COLLECTION. P2E METAVERSE. INVESTMENT POOL.

NFT Grower is an NFT collection that gives you the opportunity to earn up to 1.2% daily and participate in one of the world's top crypto community. Soon, NFT Grower will launch its metaverse and every owner of NFT Grower tokens will have access to new opportunities to earn more and improve their lives.

NFT Grower it is a investment pool that every minute buy and sell a large number of NFTs. We also pump up the price of some collections ourselves and make profit from it. We arbitrage NFT, which means we buy cheaper and sell higher, and the more funds we manage, the better results we can show, because we can not only look for earning opportunities, but also create them.

NFT Grower is a company by joining which you can earn daily from investments, as well as participate in NFT presales to earn on it, and soon every member of our community will be able to join our metaverse and build a new bright and beautiful life.

THE NFT GROWER AFFILIATE PROGRAM

**ARE YOU ACTIVE AND USED TO
REACHING YOUR GOALS?
AWESOME!**

NFT Grower Affiliate Program is a great tool to meet your financial ambitions.

**10% OF THE COST OF
EACH DEPOSIT IS
DISTRIBUTED BETWEEN
4 REFERRAL LINES**

1ST LINE

5%

2ND LINE

3%

3RD LINE

1%

4TH LINE

1%

MORE THAN \$10,000 IN THE FIRST HOURS WITH NFT GROWER. EASY!

Suppose your media & social resources allow you to build a first line of only 50 people.

Let's also assume that your average purchase of deposits is \$250

LET'S COUNT

YOU

1ST LINE

$$50 \times \$250 \times 5\% = \$6250$$

With such a small structure, you received \$6250 and this is only the reward for the affiliate program of the game. And that is not all! Sum your income from your own deposits. As a result, with NFT Grower, you can earn from \$10,000 in the first hours after the system is launched, and this is a calibrated norm.

2

2ND LINE

$$150 \times \$250 \times 3\% = \$1125$$

Suppose each member of your 1st line invited only 3 peoples with an average entry of \$250. Remember for the 2st line you get 3%

There are 50 people in your 1st line.

3

3RD LINE

$$450 \times \$250 \times 1\% = \$1125$$

Suppose each member of your 2st line invited only 3 peoples with an average entry of \$250. Remember for the 3rd line you get 1%

There are 150 people in your 2st line.

4

4TH LINE

$$1350 \times \$250 \times 1\% = \$3375$$

Suppose each member of your 3rd line invited only 3 peoples with an average entry of \$250. Remember for the 4th line you get 1%

There are 450 people in your 3rd line.

REMEMBER: THE DATA ABOVE IS JUST AN EXAMPLE, IN FACT YOUR RESULTS CAN BE MUCH HIGHER.
